Career Objective

Computer Science Engineering student passionate about software development and artificial intelligence. Skilled in Java, Database Management Systems, Web Development, and interested in building innovative software solutions.

Education

Bachelor of Technology - Computer Science Engineering

Srinivas University Institute of Engineering and Technology

Expected Graduation: 2028

CGPA: 9.26

Technical Skills

Programming Languages: Java, Python, SQL

Web Technologies: HTML, CSS, JavaScript, JSP, Servlets

Database: MySQL

Tools: Eclipse, VS Code, Git, GitHub

Projects

SmartHire AI Resume Screening System

Technologies: Java, JSP, Servlets, MySQL, AI Skill Matching

- Developed an AI-based resume screening system to analyze candidate skills and match them with job requirements.
- Implemented job searching, job application tracking, recruiter dashboard, and skill matching percentage.

Bus Ticket Reservation System

Technologies: Java, JSP, Servlets, MySQL

- Developed a web-based bus booking application.
- Implemented user registration, login, bus search, ticket booking, cancellation, and booking history.

Online Food Delivery System

Technologies: Java, JDBC, MySQL

- Created a food ordering system with restaurant, menu, cart, and order management features.

Certifications

- IBM Artificial Intelligence Course
- FAIML Internship
- CodeSoft Internship

Achievements

- CGPA: 9.26
- Completed multiple Java-based web applications.

Languages

English, Kannada, Hindi
